PT-H100 Electronic Labelling System

P-touch®. The only way to label!

Perfect for organizing around the home or office

The PT-H100 is an easy-to-use, hand-held labelling machine for the home or office that produces a wide variety of quality labels made to last. Its 12 "Deco Mode" patterns enable you to create unique and stylish labels for kitchen organization, binder identification or cable labelling. The possibilities are virtually endless!

Easy to use

This portable labeller has a simple ABC style keyboard, making it easy for the whole family to use. The cable labelling feature helps keep your wires and cables organized. Create labels with 1 or 2 lines of crisp text, and use the built-in memory to save up to 9 of your favourites!

Durable laminated labels

The PT-H100 allows you to choose from a wide range of TZe tapes to match your application - use our tough, standard laminated tapes for indoor and outdoor use, or use one of our specialty tapes for labelling everything from rough textured surfaces to protecting valuable assets and more. P-touch® TZe tapes are the only tapes available that have a unique 7-layer lamination, which makes the labels heat, cold, water, chemical and fade resistant.
