Charging luggage & cases

# Naocase<sup>®</sup> M500

The robust and versatile solution for tablets, PCs, and VR headsets

Version for laptops

For 16 tablets, 10 PC or 6 headsets

Version for tablets

## Designed for your demanding collective deployments

- ✓ **Education & Training**  
Transport and charge up to 16 tablets, 10 laptops, or 6 VR headsets for educational workshops, mobile classrooms, or immersive training sessions.
- ✓ **Businesses & field mobility**  
Deploy fleets of tablets, laptops, and VR headsets for your teams, demonstrations, or interventions with a mobile and robust solution.
- ✓ **Communities & public spaces**  
Make it easier to provide a variety of digital equipment in media libraries, collaborative spaces, or cultural events with a secure and versatile case.

Version for VR headset

## What makes the difference

**High-capacity transport:** shock-resistant hard-shell case with handles, integrated wheels, and retractable trolley for safe and convenient travel.

**Wide compatibility:** up to 16 tablets, 10 laptops (16'') or 6 VR headsets, with customizable interior layout.

**High-performance integrated charging:** choose between Smartpower (controlled power outlets) or Tabipower USB-C/A fast and smart charging to preserve battery life.

**Flexichannel<sup>®</sup> modular foam:** flexible, tailor-made integration, ensuring optimal protection and management of power cables.

**LED charging indicators:** clear visibility of device status, so you know when they are ready for use.

**Advanced connectivity:** optional integration of a Wi-Fi terminal with scheduling (Smartpower) and cut-off, RJ45 socket, and surge protection module.
