

HP Latex 315 Print and Cut Plus Solution (9TL95A)

Grow with this 54-inch business-ready print and cut solution

Work two times faster^[4] with an efficient, end-to-end solution that lets you print AND cut at the same time vs print OR cut integrated devices. Improve each step of the process from versatile printing to fast cutting to application design.^[3]

Complete HP solution—outstanding print and cut

The HP Latex printer enables a wide range of odorless applications^[1] and full bleed stickers that don't curl.

Up to 50% time savings with true print AND cut^[4]

Print AND cut at the same time—versus print OR cut integrated devices—with our reliable, dual-device solution.

Easy and reliable workflow

Print/cut in a few steps—add cut lines from the RIP, select cutting presets, and easily send to production.

Messaging Footnotes

[1] There is a broad set of media with very different odor profiles. Some of the media can affect the odor performance of the final print.

[3] Requires an HP Applications Center account, Internet connection, and connected Internet-capable device. For more information, see <http://www.hpapplicationscenter.com>.

[4] Based on internal HP testing, September 2020, comparing the HP Latex Print and Cut Plus Solution with integrated print and cut solutions at a comparable cost. An integrated printer/cutter device is a large-format printer that has a contour cutter embedded in the same printer that prints the media, then moves the media backwards to cut the printed output.
