

ThinkCentre T10 Flex

The flexible compatibility of the new ThinkCentre T10 Flex makes it the perfect solution for your existing infrastructure while supporting future upgrades and expansions. Engineered to efficiently stow the Tiny 1L PC, this latest Tiny-in-One comes standard with one of four different 22" to 27" ThinkVision monitors, breaking the TIO industry mold.

Now with an elegant design that presents a clean aesthetic from both the user and customer perspective, including an efficient cord management system and cellphone dock, the ThinkCentre T10 Flex refines the modern workspace. One-step installation with any current generation of Tiny—and those yet to come—keeps things simple, as does the single button to simultaneously power up both the Tiny and monitor.

Lenovo

ThinkCentre TIO Flex

FLEXIBLE MODULARITY

Easily refresh the PC, monitor, or both with the versatile ThinkCentre TIO Flex. Compatible with past, current, and future Tiny PCs, this cost-effective solution comes with one of four stunning Lenovo T series ThinkVision monitors, including T22i-30, T24i-30, T24v-30, and T27i-30. Plus, with the optional VESA bracket, this TIO also supports other monitors with this industry-standard 100x100mm brace.

EXCEPTIONAL USER EXPERIENCE

The new ThinkCentre TIO Flex lets you power up the Tiny and monitor at once with a single button. The full-function monitor stand adjusts for on-point ergonomics and includes a wide tilt range and a lift extension of 130mm. And because our cellphones stay within reach, this flexible solution features a phone-docking bar integrated into the base for even more space efficiency.

SIMPLICITY

One-step installation with Tiny makes the ThinkCentre TIO Flex super easy to deploy, service, and refresh. With four monitor sizes to choose from, an optional VESA bracket, and generational compatibility with the Tiny, the innovative TIO Flex breaks through the complexity for an industry first.

CLEAN AESTHETIC

Fresh, elegant design brings a professional aesthetic from every angle, so when the ThinkCentre TIO Flex is used for customer interaction, the efficient customer-facing appearance is sure to breed confidence. Plus, with a two-in-one cable connection, a tangled cable mess is a thing of the past.

Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

PREMIER SUPPORT

As IT budgets contract, you need to reduce complexity, decrease operational costs, and find ways to increase efficiency from your in-house IT support teams. Lenovo™ Premier Support manages routine support tasks, freeing IT focus on strategic efforts that move the organization forward. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

CO₂ OFFSET SERVICES

As the first in the industry, Lenovo offers this certification service to customers who wish to purchase their PC products CO₂-compensated over the device's lifecycle. Included in the hardware transaction, CO₂ compensation is based on realistic emission by product, covering production, shipment, and typical usage cycle (5 years). This service proactively supports reduction of CO₂ emitted in the atmosphere and compensates for environmental impact of business operations.

GREEN DELIVERY

Improve sustainability for a smaller environmental impact. Green Delivery Service delivers devices in bulk packaging to reduce per-unit waste, improve operational efficiency with consolidated shipments, and allow for environmentally friendly packaging disposal.

Accessories

Lenovo Professional Wireless Keyboard and Mouse Combo

The slim 3-zone keyboard with number pad features responsive, quiet keys for a premium typing experience. The one-touch dedicated media keys put the controls you use most at your fingertips. The ergonomic full-size mouse provides comfort and support for all-day use.
