

**Smaller, lighter  
3" portable printing  
you can rely on,  
*whatever the conditions***

***RJ Series***  
**RJ-3000 Series Portable Printers**

# PORTABLE PRINTERS FOR FAST, RELIABLE PRINTING ON THE MOVE...

**Our RJ-3000 Series portable printers are smaller and lighter than ever before.** They provide the perfect on-person device for mobile workers needing a 2" or 3" printing solution - from emergency services and field sales to delivery drivers, engineers and traffic wardens.

The RJ-3000 series can print up to 3" receipts, quotes and labels on the spot. Plus they are fast, saving everyone valuable time and money.

## **DURABLE**

IP54 rating and drop tested - designed to withstand even the harshest of conditions

## **FAST**

5" per second print speed

## **EASY TO USE**

3.3" colour LCD screen  
for more intuitive printing\*

## **LIGHTWEIGHT**

Ideal for printing on the move

Including a 3.3" colour screen\* and improved Serial, Bluetooth, Wireless and USB connectivity options, the RJ-3000 series is a step up from its competitors.

\* RJ-3150 model only.

Its thermal printing technology means users don't have to worry about ink or toner, while its IP54 certification—the toughest tests against dust and water—means you are assured of its continued reliability whatever the conditions. Plus ZPL compatibility also allows existing applications for label/receipt printers to work with the RJ device.

# VERTICAL MARKETS/APPLICATIONS

## RETAIL

Can be used in store for receipt printing, shelf labelling and price reduction labels as well as in the storeroom for stock management.

## FIELD SERVICE

Engineers out on the road can use the RJ-3000 to print service reports for customers they are visiting, increasing customer confidence and minimising future queries.

## LOGISTICS/ DELIVERIES

Busy delivery drivers can print out updated delivery notes and order sheets with the RJ-3000, helping to keep them on the move and in the right place at the right time.

## WAREHOUSING

Operatives can stay efficient in the chaos of the warehouse, keeping on top of printing and labelling finished goods, shelving, bins, shipping and inventory.

## PUBLIC SAFETY/ EMERGENCY SERVICES

The RJ-3000 printer can be used to produce various tickets out in the field, avoiding unnecessary, time-consuming paperwork back in the office.
